IMPORTANT - READ BEFORE USE

This document compiles publicly known facts about major global T20 franchise leagues - founding history, format, and season-by-season champions - from general knowledge, not from an official records database. Entries for the most recent one or two seasons of each league are marked UNVERIFIED where confidence is low; these should be checked against an official source (e.g. ESPNcricinfo, the league's official site) before being treated as fact. Everything else is presented in good faith but may still contain errors and should be spot-checked before use in any application that requires guaranteed accuracy.
